

BIOHAZARD REMEDIATION

WHERE YOU NEED US, WHEN YOU NEED US

EnviroServe provides biohazard remediation with proper sanitization to stop the spread of disease and the possibility of cross contamination. We also properly dispose of the biohazard waste according to OSHA standards to eliminate other possibilities of contamination.

BIOHAZARD REMEDIATION PROCESS

EnviroServe follows procedures in every biohazard event to ensure proper cleanup and disposal of items set by OSHA. In the event biohazard remediation is needed, our team will:

- Evaluate the area of contamination
- Control and separate the area to prevent any possible cross contamination
- Properly clean the area to remove biohazard waste items, disinfect, and deodorize the area
- Properly dispose of biohazard waste

The EnviroServe team is professional, respectful, and compassionate of each situation. All information is kept confidential.
