

ENVIROSERVE®

24-HOUR EMERGENCY SPILL & DISASTER RESPONSE

WHERE YOU NEED US, WHEN YOU NEED US

Our trained and accomplished emergency response teams are available 24 hours a day, 365 days a year across the Midwest and in other locations. We ensure rapid containment and resolution of all types of emergency and disaster situations, including:

- Chemical releases
- Tank truck rollovers
- Pipeline emergencies
- Train derailments
- Leaking containers
- Maritime spills
- DOT accidents
- In-plant releases
- AST releases
- Natural disasters
- Trauma and accident scenes
- Biological incidents
- PCB transformer failures
- Well pad emergencies

We also provide these related services:

- Emergency response planning and training exercises
- Air monitoring
- Mobile tank cleaning
- Lab waste packing
- Emergency transfers
